ABOUT THE WEBINAR:

COVID-19 has impacted the business everywhere but this is not the 1st crisis businesses had to face as there have been many crisis before and leaders have emerged from those crisis. This webinar offers the participants an opportunity to understand the business crisis and how to overcome it through the 3 stage approach. The webinar will also cover the Role of "C" Suite in navigating crises by implementing the concept of Bolster Productivity and adaptation of transformation mindset, turbocharging the roles, strengthening the available resources and implementing the operational strategies to survive and ultimately thrive.

Don't miss the lively presentation followed by an interesting Question & Answer Session.
