Subject: **OFFERING OF PCR DIAGNOSTIC TESTS SERVICES TO ICAP**

Dear Sir,

Reference to your office email dated 05-04-2022 in response to CAMB's letter No. CAMB/D/255/22 dated 25-03-2022 on the subject cited above. In continuation to our previous correspondence regarding PCR diagnostic testing services, a meeting was held in the Director Office of CAMB at 11:00 am on 07-04-2022.

It was unanimously decided that the CAMB will provide its diagnostic test services (HBV Qualitative & Quantitative, HCV Qualitative, Quantitative & Genotyping and PCR COVID-19) to your esteemed organization on the following terms and conditions.

1. ICAP will refer all its FCA Members, ACA Members, Affiliates/ Students/ ICAP Employees (parents, spouse & children) to CAMB for HBV, HCV & COVID-19 tests.
2. CAMB will offer 20% discount on all its prevailing rates to ICAP (given at the back), which can be changed if required by CAMB.
3. ICAP can manage all its advertisements regarding CAMB diagnostic facility on social media or any periodical they issue. However, no cost will be beared by CAMB.
4. CAMB will repeat the test free of cost, if it is requested by the ICAP authorities for further confirmation of results as per clinical findings.
5. All patients have to make payment in advance with sample deposit through cash.
6. This joint venture will come into force upon acceptance by ICAP and shall remain in force initially for a period of 5 years extendable by mutual agreement.
7. This agreement can be terminated by either party by advance notice of one month to the other party. All obligation under ongoing venture will be, however, completed before the joint venture can be closed.

Looking forward to hear from you soon.

Thank you.
