HOW QCR STARTED

- In the 25th AGM of the ICAP held on December 30, 1986 a concern was raised on the quality of auditing services rendered by CA firms.
- The Council in its 82nd meeting held on February 19. 1987 seriously deliberated the matter and decided to constitute a Committee of four members for conducting the QCR of practicing firms on voluntary basis.
- The program was run on a peer review basis as a voluntary program until 1998.

Continued…

- In December 1999 the Council made the QCR process mandatory for CA firms carrying out audits of statutory financial statements.
- Owing to some legal issues and the provisions of the CA Ordinance the program was made mandatory for only those firms carrying out audits of listed entities.

Traditional jokes about Auditors:

Q: How many auditors does it take to change a light bulb?

A: How many did it take last year?

Q: Why did the auditors cross the road?

A: Because they looked in the file and that's what they did last year.
