

BENEFITS

A. Instills Self-Management Skills:

Getting enrolled in a RAET prepare students to impart self-management skills in their personal and professional lives. Enrolling students in RAETs help them learn to be punctual by following a defined time table and adhering to the rules and regulations set by RAET. During their course duration, they are also encouraged to demonstrate the basic ethics of life in social and individual capacity.

B. Quality Controls by ICAP:

ICAP monitors the performance of all the RAETs against pre-defined Key Performance Indicators (KPIs) to ensure provision of quality education, while no such supervision is present while studying at non-RAETs.

C. Professionally Trained and Experienced Faculty:

RAETs hire professionals bearing strong academic and practical experience. They remain engaged with ICAP in various activities like:

- Feedback on ICAP's syllabus
- Development and Review of ICAP Publications
- Review of ICAP exams question papers
- Meetings with ICAP's exams department on various exams related matters

Hence, they are well versed with syllabus & examination patterns and guide students how to effectively prepare for their exams.

D. Information Sharing by ICAP:

ICAP keeps the RAETs updated on the changes in policies and procedures related to CA education scheme and Examinations, which help RAETs to plan their academic activities, accordingly. Hence, students studying at RAETs have a better roadmap to complete their qualification.

E. Scholarships

The students of RAETs can apply for scholarships offered by ICAP, whereas this facility is not available to other students.

F. Participation in events organized by ICAP:

The students of RAETs have an opportunity to participate in various activities organized by ICAP like quizzes, debate etc.,

G. Structured Course Plan and Quizzes:

The students at RAETs are able to complete syllabus within required timelines as RAETs have developed their course plans, accordingly. Further, RAETs also conducts multiple quizzes, class tests, term tests and final mocks exams which helps student to prepare better for their exams. Periodical assessments help the students to deal with exam stress, effectively.

H. Professional Grooming

Joining a RAET, help students to groom professionally. Meetings with professional gurus & consultancies are available for students to make the most out of themselves in the practical world. Debates, Dramas, Sports and other co-curricular activities are available for students of RAETs for development of soft skills such as socialization, communication, team work and leadership.

I. Support in Induction in Training Organizations:

The RAETs provide support to their students in their induction in Training Organizations by inviting the representatives of various Training Organizations for on-campus recruitment drives. They also organize seminars for induction related guidance of their students.

J. Social Networking:

Students interact with people from different backgrounds on daily basis and they build their own social network. They have a better social network being a member of an Alumni, which helps them in their practical lives, in many ways.

K. Positive Peer Pressure:

A classroom provides a competitive environment. Students compete with each other and due to peer pressure, they apply themselves effectively for better preparation for their exams.
