July 31, 2024

Dear Examinees,

In continuation of ICAP's announcement made on February 27, 2024, please note that effective October 2024, the Hands-on Courses Assessment of Data Management and Analytics and Fintech will be conducted based on the revised syllabus available on the ICAP website.

Students who have completed their classes with an Approved Course Provider for either Data Management and Analytics or Fintech are not required to retake the classes under the revised syllabus. Similarly, students who have already passed either of the above two HOC Assessments are not required to pass the HOC Assessment under the revised syllabus.

The methodology for the HOC Assessment has also been revised. Details of the changes in the assessment methodology, model questions, and important dates related to the October 2024 Assessment will be posted on the ICAP website by August 12, 2024.

Should you have any queries or require further assistance, please do not hesitate to reach out to us at examinations@icap.org.pk or contact us via phone at
