Event Details

In response to the latest developments under the Companies Act, 2017, and the Companies Regulations, 2024, corporate compliance has become more streamlined and digitized. A significant initiative in this regard is the eZfile platform, a comprehensive tool introduced to simplify and enhance compliance processes for businesses.

The Northern Regional Committee of the Institute of Chartered Accountants of Pakistan (ICAP), in collaboration with the Securities and Exchange Commission of Pakistan (SECP), is pleased to present the awareness session 'eZfile Annual Filings-Overview'. This session is designed to equip professionals with the essential knowledge and insights to effectively navigate these regulatory changes and leverage the eZfile platform to ensure compliance in an increasingly digital landscape.

By the end of this session, participants will be able to:

1. Understand the major corporate compliance requirements outlined in the Companies Act, 2017, and the Companies Regulations, 2024.
2. Gain insights into how eZfile simplifies and streamlines corporate compliance processes.
3. Navigate the eZfile platform effectively for submitting annual regulatory filings and ensuring compliance.
4. Identify key updates in the regulatory framework and how they impact business operations.

This session promises to be an essential learning opportunity for professionals seeking to enhance their understanding of corporate compliance within the evolving regulatory landscape.
