

ICAP BOOK FORUM

Journey Through Chaos

About the Book

Journey Through Chaos is a compelling collection of essays reflecting Pakistan's political and media landscape over the past decade. Drawing on Mazhar Abbas's vast experience, it presents sharp analysis of key national issues. Organized into five sections, the book covers diverse themes, including Karachi's dynamics and broader political developments. It offers valuable insight into the country's evolving challenges.

About the Author

Mazhar Abbas is a renowned journalist active since 1982, with over 6,000 published articles in leading Urdu and English publications. Known for his strong stance on press freedom, he has consistently highlighted key issues facing the media, including censorship and journalists' rights. He has worked across both print and electronic media, maintaining credibility in each. His early reporting experience in Karachi adds depth to his analysis of complex political and social issues. His extensive career and integrity make him one of Pakistan's most respected and courageous journalistic voices.
