Leadership in Turbulent Times

Shaping Perspectives. Guiding Decisions. Building Leaders.

 7th August 2026

 6:00 PM – 9:00 PM

 In-person at ICAP House Lahore & virtual

CPD Hours: 03

An initiative of The Northern Regional Committee of ICAP

About this Evening:

Pakistan doesn't need more managers. It needs leaders who hold steady when the ground shifts

The **Leader's Insight Series — Session 01** brings Air Chief Marshal (Retd) Sohail Aman into conversation with ICAP's professional community for a session that is anything but routine. As one of Pakistan's foremost strategic leaders, ACM Aman has commanded institutions, navigated geopolitical turbulence, and made decisions where the stakes were absolute.

Under the theme **Leadership in Turbulent Times**, the session explores what it actually takes to lead — the ethical backbone required when choices are hard, the discipline to think long when the pressure is short, and the sense of **national purpose** that separates those who endure from those who simply survive.

"This is not a talk about leadership. It is a masterclass in it."
