Program Overview

In today's rapidly evolving business environment, accounting professionals are required to move beyond traditional roles and develop the mindset, capabilities, and leadership skills needed to drive innovation and organizational growth. The **Developing Intrapreneurial Organizations – Corporate Leadership Program for ICAP** is designed to equip professionals with practical leadership competencies, entrepreneurial thinking, and strategic capabilities to navigate emerging business challenges.

The four-day immersive program focuses on developing an intrapreneurial mindset, leading through technological disruption, building executive presence, enhancing communication effectiveness, and strengthening negotiation and decision-making skills. Through interactive discussions, workshops, peer learning, case-based activities, and leadership challenges, participants will gain actionable insights to become effective change agents within their organizations.

Who Should Attend?

This program is designed for ICAP Members & CBAs serving in the following roles:

1. Partners, directors, and senior management of accounting firms.
2. Chartered Accountants in leadership, managerial, or supervisory roles.
3. Finance professionals aspiring to transition into leadership positions.
4. Professionals seeking to enhance their innovation, strategic thinking, and people management capabilities.
5. Emerging leaders looking to strengthen their professional presence and leadership effectiveness.

Key Learning Outcomes

Participants will be able to:

- Understand the evolving role of leadership in Pakistan's corporate and professional services landscape.
- Develop an intrapreneurial mindset and identify opportunities for innovation and organizational improvement.
- Strengthen leadership capabilities required to navigate technological disruption, including AI, automation, and data-driven decision-making.
- Enhance personal branding, executive presence, communication skills, and the ability to manage challenging conversations.
- Build resilience and effectively navigate career transitions and leadership challenges.
- Develop effective persuasion, negotiation, and stakeholder management skills.
- Apply leadership concepts through practical activities, peer learning, and real-world business scenarios.

Benefits of Attending

By participating in this program, attendees will:

- Gain practical tools and frameworks to lead innovation and transformation within their organizations.
- Enhance their ability to respond effectively to technological and business disruptions.
- Improve communication, influencing, and negotiation capabilities essential for leadership roles.
- Develop greater self-awareness and confidence to take on expanded responsibilities.
- Learn from experienced trainers and engage in meaningful peer-to-peer knowledge sharing.
- Create an actionable leadership plan to apply learning in their professional environment.
